2. What do I do well now? What can I do better in the future? *

You always responds quickly and with a positive energy! You are the fist to share your knowledge during meetings and present as a true team player. I would say you are a SF Royal Canin Platform expert - you were able to get my outlook and sf syncing during our first meeting. It is important to note that I had done endless tickets and spent countless hours with IT to no avail (all documented). If you had time & desire, it would be very helpful to have 1 sheets on the items you help with, so as to allow us to become self sufficient. There are always issues with computers, updates on phones, etc. so being able to reference a 1 sheet with current directions would be very helpful.
